

Nero d'Avola IGT of Sicily

Grape variety

Nero d'Avola.

Geographical location

Province of Agrigento, Sicily.

Soil

Clayey and sandy, with traces of limestone.

Organoleptic properties

Ruby red colour with intense shades of violet. Broad bouquet with hints of wild berries, currants, blackberries, wild cherries and raspberries, followed by sweet notes of cacao. Full-bodied taste, inundates the palate with its mellow, persuasive structure.

Serving suggestions

Pleasantly accompanies pasta dishes, roasted meats, salami and cheeses.

Serving temperature

18° C

Formats available

0.75 l
